

# ACID Magic<sup>®</sup>

The Safer Acid™  
Muriatic Acid Replacement

ACID Magic acid is a muriatic acid replacement that is safer to ship, store, and handle. Offering the advantages of acids, while nearly eliminating many of the dangers including burns and toxic fumes.

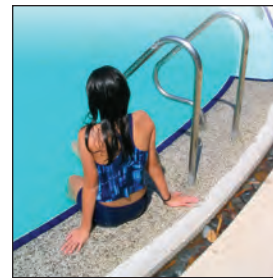

## The Acid That Can't Burn Your Skin!

### ADVANTAGES:

- Reduced fumes: Significantly reduces toxic and corrosive fumes.
- Safety: Will not attack intact skin. Safer to use.
- Equal activity: ACID Magic acid is equally active upon oxides of metals when compared with standard muriatic acid.
- Less corrosive: With reduced fuming, there is less corrosion to metal structures – including storage sheds, pool equipment and filtration systems.
- Safer handling: By reducing the risk of acid burns and toxic fumes, it allows for safer handling, transportation and storage.

### USES:

- Excellent pH down and alkalinity adjuster.
- Extremely effective acid wash.
- Cleans tile and porcelain.
- Cleans brick and concrete.
- Removes rust, scale, mineral build-up, and stains.
- Clean filters, chlorine generators and meter electrodes.
- Clean barnacles, zebra mussels and scum line from boat hulls.
- Paint preparation etch for metal and concrete surfaces.
- Cleans vats/tanks, lines in food and beverage plants.
- Use for acid baths/washes.

# ACID Magic

## Muriatic Acid Replacement

### Description:

ACID Magic is a muriatic acid replacement that is the result of combining a buffer with hydrochloric acid, which renders the acid much safer. This product offers the advantages of most acids while nearly eliminating the objectionable properties including acid burns and toxic fumes.

### Intended Use:

**Pools And Spas:** Use as a pH down, alkalinity reducer, and filter cleaner. Apply ACID Magic as an acid wash to remove rust, scale, mineral deposits, and stains from glass, tile, and porcelain surfaces in showers, locker rooms, and restrooms.

**Marine:** Remove barnacles, zebra mussels, scum lines, scale, and other marine growth. Clean marine engines, pumps, and water filters. Remove mineral deposits and rust from a variety of surfaces.

**Masonry:** Clean exterior brick and concrete surfaces. Remove excess mortar from brick. Clean stone and grout. Brighten walkways, patios, and driveways.

**Food/Beverage:** Use in acid baths/washes. Clean lines, vats, tanks, etc.

**General Maintenance:** Remove mineral stains from water heaters, cooling towers, tubs, toilets, and showers. Remove rust, mildew, scale, and mineral build-up. Excellent acid wash and effective filter cleaner. Use to etch metal and concrete surfaces in preparation for painting.

### Product Specifications:

**pH:** Less than one (< 1)

**Shelf Life:** 5 years

**Disposal:** Neutralize with alkali and flush with water to sewer (if permitted). Consult appropriate regulatory officials for additional information.

### Product Capabilities:

ACID Magic reduces noxious fumes by up to 90%. It won't attack intact skin or protein of the body. By reducing the risk of acid burns and toxic fumes, it allows for safer handling, transportation, and storage. Due to reduced fuming, there is less corrosion to metal structures, including storage sheds, pool equipment, and filtration systems. ACID Magic is equally active upon oxides of metal when compared with standard muriatic acid.

### Application:

For pH adjustment, use 3 oz. ACID Magic per 1,000 gallons water. If pH is above 8.0, test with pH meter to ensure proper amount. For cleaning, add 1 part ACID Magic per 4 parts water or desired strength. Avoid using on aluminum or metal plated products as discoloration may occur.

### Use Precautions:

Contains hydrochloric acid. Keep out of sun and away from heat. May cause severe burns on contact with eyes and mucous membranes. Avoid possible vapors. Always insure adequate ventilation is available. Use of an acid vapor respirator may be necessary in enclosed areas. Do not take internally. Keep container closed.

### Accessory Products:

- REMOVER MAGIC™ Graffiti Remover
- EZ SHINE™ Multi-Purpose Polish and Protectant
- POWERHOUSE™ Liquid or Powder Concrete Cleaners
- ATOMIC 235™ Heavy-Duty Cleaner and Degreaser
